

Joseph & Elizabeth

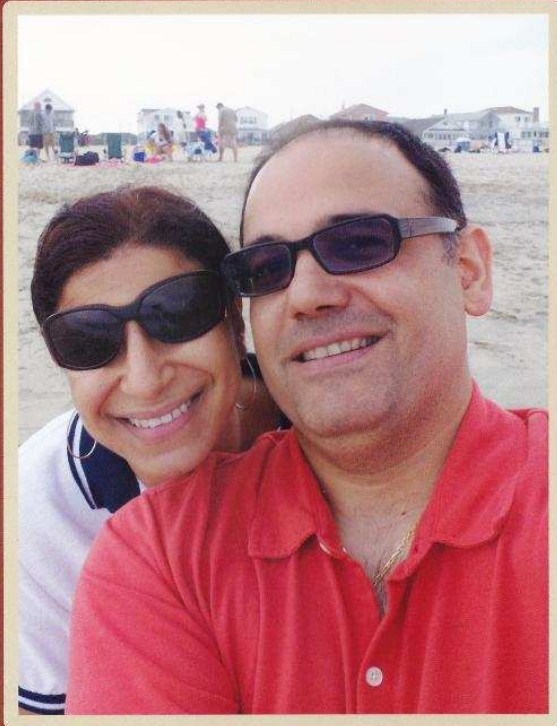

Dear Birthmother,

First, we wanted to let you know that you are a very special person and we admire your courage and strength in considering an adoption plan. The choice you are contemplating is difficult, and we support you in whatever you feel is best. I did want to share with you that we always advocate and teach our family and friends about birthmothers, by helping others understand the challenges they face.

About Us

We have been married for 15 wonderful years. We met in pharmacy school, became the best of friends, and married shortly after we finished college.

Joe & Liz

Liz~ I enjoy volunteering for a local children's hospital by raising awareness and funds to help the children and their families. I appreciate quiet time reading, finding good recipes, home decorating and being with my family.

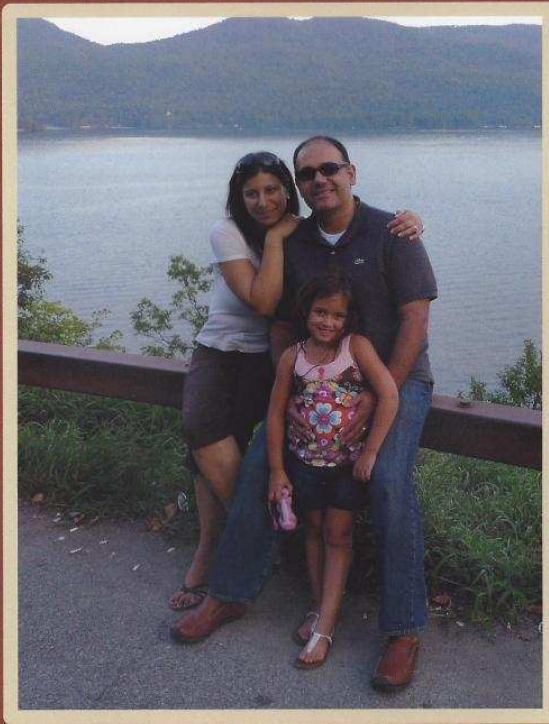

Joe~ I enjoy photography, reading about history and theology. I am also active in our church and community, and enjoy being with family.

Our Family

We made the decision to build our family through adoption and are now blessed to have a beautiful girl. Our daughter, Catherine, is 7 years old and is the center of our life. There aren't enough words to describe how our hearts leap for joy at just the mention of her. She is simply amazing in every way!

Our Hobbies

While we have our personal hobbies, we have developed many other interests as a family. We look forward to giving the same opportunities to our next child and growing with them. It will be our joy to learn from their personalities and interests as well.

We mostly enjoy finding time together by riding bikes to our nearby parks, skiing during the winter breaks, touring different countries, and are always open to venturing in discovering new things to do together as a family.

Family & Friends

Our weekends are filled with family activities with our siblings and parents, community and friends. We have chosen and are fortunate to be living 20 minutes from all families members, which has been an absolute pleasure for all to be part of our life.

Catherine

Enjoys life: being with others and meeting new people. She is an animal lover, especially dogs, and has been elected as the number one dog sitter in our cul-de-sac.

She is growing to be an exceptional pianist and always looks forward to playing tennis, bike riding, and gymnastics. She is also fantastic and honorable girl scout. She is super excited to be a big sister, and can't wait to share "everything" with her sibling.

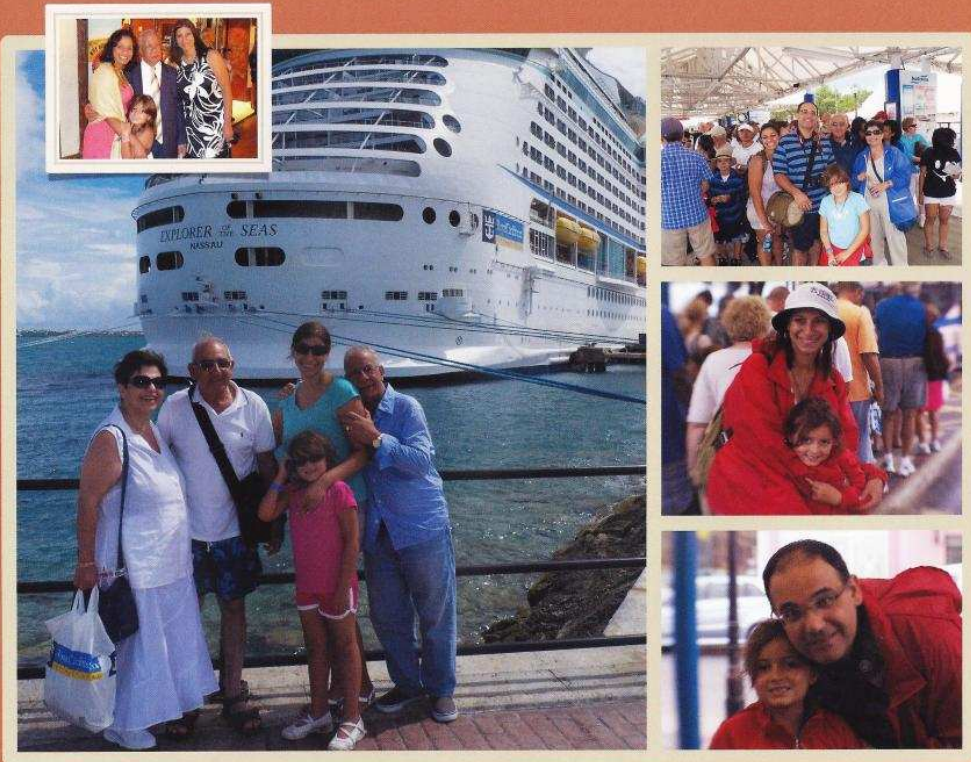

She has a magnetic personality and loved by all who meet her. Adults have said they forget they are talking to a 7 year old! Her conversations are delightful!

Next Steps

We know how precious and important time is in the first year of a child's life, and it is our wish to spend as much time with our next child as we have done with Catherine. Our plan is for Liz to be home with the baby for 4 months and then work part time from home during the first year.

Since both grandparents are retired and live close by, it will be their pleasure to support our family when needed. Aunt Joyce and Uncle Dani and his family, have also been preparing a huge welcome for their niece or nephew.

When we feel the baby is ready, we will introduce him or her to the day care that is onsite at Liz's work place. It was a fantastic atmosphere for Catherine, who enjoyed her time while being there. We found it convenient and perfect to be able to check in, have lunch together, or attend class activities.

Gratitude

Thank you for letting us share a little about our family and ourselves. We sincerely wish you peace during this time and honor your decision.

Fondly,
Joe, Liz, and Catherine
